| Introduction to Volume 5 | 1 |
| Introduction to Behavioral Economics and the Book Volumes | 5 |
| 1 Some antecedents of behavioral economics | 7 |
| 2 On methodology in economics | 8 |
| 3 The experimental method in economics | 14 |
| 3.1 Experiments and internal validity | 15 |
| 3.2 Subject pools used in lab experiments | 17 |
| 3.3 Stake sizes in experiments | 18 |
| 3.4 The issue of the external validity of lab findings | 18 |
| 3.5 The role of incentives in economics | 20 |
| 3.6 Is survey data of any use? | 23 |
| 3.7 Replications in experimental economics | 25 |
| 4 Approach and organization of the book | 26 |
| 5 Appendix A: The random lottery incentive mechanism | 31 |
| 6 Appendix B: In lieu of a problem set | 31 |
| 1 Heuristics and biases in judgment and decision making | 40 |
| 1.1 Introduction | 40 |
| 1.2 The law of small numbers | 49 |
| 1.2.1 Representativeness heuristic | 49 |
| 1.2.2 Gambler's fallacy and hot hands fallacy | 50 |
| 1.2.3 A formal model of the law of small numbers | 57 |
| 1.3 Conjunction fallacy | 60 |
| 1.3.1 Does a natural frequency format resolve the conjunction fallacy? | 60 |
| 1.3.2 Do monetary incentives and groupthink eliminate the conjunction fallacy? | 61 |
| 1.3.3 Why does the conjunction fallacy arise? | 62 |
| 1.4 The availability heuristic | 63 |
| 1.5 The affect heuristic | 66 |
| 1.5.1 Empirical evidence for the affect heuristic | 67 |
| 1.5.2 The relative affectiveness of the probability and frequency formats | 68 |
| 1.6 Anchoring and adjustment | 68 |
| 1.6.1 Empirical evidence for anchoring | 69 |
| 1.6.2 Legal and regulatory implications of anchoring | 71 |
| 1.6.3 Robustness of anchoring | 72 |
| 1.6.4 Explanations of anchoring | 72 |

| | | |
|----------|--|------------|
| 1.7 | Base rate neglect and conservatism | 74 |
| 1.7.1 | Base rate neglect | 74 |
| 1.7.2 | Conservatism | 77 |
| 1.7.3 | A reconciliation of conservatism and base rate neglect | 78 |
| 1.8 | Hindsight bias | 82 |
| 1.8.1 | Empirical evidence on the hindsight bias | 82 |
| 1.8.2 | Hindsight bias in legal situations | 85 |
| 1.8.3 | What causes hindsight bias? | 86 |
| 1.8.4 | Hindsight bias and the underestimation of financial volatility | 86 |
| 1.9 | Confirmation bias | 88 |
| 1.9.1 | Empirical evidence for confirmation bias | 90 |
| 1.9.2 | A formal model of confirmation bias and overconfidence | 91 |
| 1.10 | Other judgment heuristics | 94 |
| 1.10.1 | Regression towards the mean | 95 |
| 1.10.2 | False consensus effect | 95 |
| 1.10.3 | Confusion between necessary and sufficient conditions | 96 |
| 1.10.4 | Attribute substitution | 97 |
| 1.11 | Dual process models and judgment heuristics | 97 |
| 1.12 | Coarse thinking and persuasion | 100 |
| 1.13 | Mental models | 106 |
| 1.14 | Herbert Simon's approach to bounded rationality | 108 |
| 1.14.1 | Aspiration adaptation theory | 111 |
| 1.14.2 | Fast and frugal heuristics | 115 |
| 1.15 | The great rationality debate | 126 |
| 1.16 | Shrouded attributes | 130 |
| 1.16.1 | Empirical evidence | 131 |
| 1.16.2 | A theoretical framework | 132 |
| 1.17 | Limited attention | 136 |
| 1.17.1 | Limited attention and the poor | 136 |
| 1.17.2 | Limited attention and taxes | 137 |
| 1.17.3 | Biased numerical attention | 139 |
| 1.17.4 | A theoretical framework | 143 |
| 1.18 | Do experts exhibit biases? | 148 |
| 2 | Mental Accounting | 151 |
| 2.1 | Introduction | 151 |
| 2.1.1 | Some examples of mental accounting | 151 |
| 2.1.2 | An introduction to the chapter | 153 |
| 2.2 | Framing and mental accounting | 155 |
| 2.3 | Prospect theory and mental accounting | 156 |
| 2.4 | The behavioral life-cycle model | 159 |
| 2.4.1 | Mental accounting and the life-cycle model | 160 |
| 2.4.2 | Some predictions of the mental accounts model | 162 |
| 2.5 | The red and black of mental accounting | 163 |
| 2.6 | Choice bracketing | 169 |
| 2.7 | Coherent arbitrariness | 172 |
| 2.8 | Sunk costs and mental accounting | 174 |

| | | |
|----------|--|------------|
| 2.9 | Some other mental accounting phenomena | 176 |
| 2.9.1 | Transaction utility and acquisition utility | 177 |
| 2.9.2 | When to close an account? | 177 |
| 2.9.3 | Self-control and gift giving | 178 |
| 2.9.4 | The house money effect | 180 |
| 2.9.5 | The diversification heuristic | 181 |
| 2.9.6 | The mental accounting of goals | 182 |
| 2.9.7 | The behavioral economics of retirement savings | 183 |
| 3 | Behavioral finance and bounded rationality | 185 |
| 3.1 | Introduction | 185 |
| 3.2 | The efficient markets hypothesis | 188 |
| 3.2.1 | An introduction to short selling | 188 |
| 3.2.2 | Statement and implications of EMH | 190 |
| 3.2.3 | Evaluating the theoretical case for EMH | 191 |
| 3.2.4 | The empirical evidence on efficiency of financial markets | 195 |
| 3.3 | Noise trader risk | 202 |
| 3.4 | The limits to arbitrage | 209 |
| 3.5 | Gradual flow of information | 217 |
| 3.6 | Stock market underreaction and overreaction | 220 |
| 3.7 | Behavioral corporate finance | 226 |
| 3.7.1 | An introduction to managerial biases | 227 |
| 3.7.2 | Rational managers, irrational investors, and merger/acquisition activity | 229 |
| 3.7.3 | Managerial overconfidence with rational investors | 235 |
| 3.7.4 | Behavioral corporate signaling | 241 |
| 4 | A Guide to Further Reading | 244 |
| 4.1 | Introduction | 244 |
| 4.2 | Gambler's fallacy and the hot hands fallacy: Further evidence | 246 |
| 4.3 | Biases in producing a full sampling distribution | 249 |
| 4.4 | Likelihood of the sample and attention to base rates | 252 |
| 4.4.1 | The basic setup | 252 |
| 4.4.2 | A formulation to study conservatism and base rate neglect | 252 |
| 4.5 | Modeling representativeness | 256 |
| 4.5.1 | Representativeness and local thinking | 256 |
| 4.5.2 | Representativeness and stereotyping | 258 |
| 4.5.3 | Representativeness and diagnostic expectations | 262 |
| 4.6 | Confirmation bias | 264 |
| 4.7 | Motivated beliefs | 265 |
| 4.8 | Correlation neglect in human decisions | 269 |
| 4.9 | Overconfidence | 272 |
| 4.10 | Aspiration adaptation | 274 |
| 4.11 | Expert biases in buying and selling decisions in finance | 277 |
| 4.12 | Choice overload | 278 |
| 4.13 | Exercises for Volume 5 | 279 |
| | <i>References for Volume 5</i> | 289 |
| | <i>Name Index</i> | 317 |
| | <i>Subject Index</i> | 324 |
