1.1	Standard forms	2
1.2	Payoff matrix: standard notation for the strategic form . . .	6
2.1	Transformations that map the order graph grid onto itself .	22
2.2	Payoff patterns in the 2×2 games	27
2.3	Patterns equivalent to column payoff pattern 1	28
3.1	Properties of a group	41
3.2	Two-game cycles	44
3.3	Four-game cycles	46
3.4	Six-game cycles	48
3.5	Twenty-four game slices	50
3.6	Thirty-six game layers	51
3.7	Pipes and hotspots	56
4.1	Subspaces with symmetric swaps	71
6.1	Row's payoffs when Row has a dominant strategy and R_{12} may affect equilibrium	95
6.2	Equilibrium changes caused by swap operations in pipes .	102
9.1	Game numbers from Rapoport and Guyer's (R&G) and Brams' typologies, with names from various sources . . .	146
10.1	Strategy key for the evolutionary game tournaments	150
