

Contents

Chapter 1. Introduction	1
Chapter 2. Background	9
Chapter 3. The fibre of the pinch map	17
Chapter 4. Based loops on certain 2-cones	27
Chapter 5. An improvement	41
Chapter 6. Applying Theorem 5.8	49
Chapter 7. An application to Poincaré Duality spaces	57
Chapter 8. Inert maps	67
Chapter 9. Based loops on connected sums	73
Chapter 10. Hopf algebras and one-relator algebras	77
Chapter 11. A second foundational case	81
Chapter 12. Polyhedral products and Whitehead products	89
Bibliography	99
