Preface

Acknowledgments

**1 THE IDEA OF A MAN-MADE WORLD**

3

*Search for a Balanced World*

8

---

*Expressions of an Ideal Relationship with Nature*

10

---

*Duality of Man and Nature*

20

---

*Our Shifting Idea of Nature*

21

---

*Scientific Objectivity and the Humanist's Critique*

23

---

*Summary and Comments on Method*

25

---

**2 GEOMETRY AND THE PRIMACY OF DWELLING**

29

*From a Life in Nature to Living in a Setting Shaped by Man*

31

---

*Architecture as a Paradigm for Order*

34

---

*Three Houses in Nature*

35

---

*Primacy of the House*

39

---

*Natural Sources for the Geometry of Architecture*

46

---

*The Nature of Man-made Things*

63

---

*The Stamp of Custom and Convention*

64

---

*Summary: Dwelling and the Sources of Order*

68

---

### **3 NATURE AND THE SENSE OF PLACE**

71

*Place and the Formation of Culture*

73

---

*Psychological and Social Importance of "Place"*

76

---

*"Place" as Concrete versus Abstract*
