

CONTENTS

Chapter 1

<i>An Overview of Procrastination</i>	1
Procrastination Research: A Growing Endeavor	2
Definitions of Procrastination	3
Historical Roots	3
Contemporary Definitions	5
Clinical Significance of Procrastination	12
Procrastination in the General Population	15
Procrastination in Adult Clinical Populations	17
Relation of Axis II Disorders to Procrastination	18
Conclusion	19

Chapter 2

<i>Procrastination Research: A Synopsis of Existing Research Perspectives</i>	21
Preempirical Inquiry	21
Psychoanalytic and Psychodynamic Theories	22
Psychoanalytic Theories	22
Psychodynamic Theories	23
Procrastination Research and the Behavioral Tradition	25
Reinforcement Theory	26
Procrastination and Specious Rewards	31
Behaviorism and Programmed Systems of Instruction	32
Critique of Behaviorism as Explanation of Procrastination	34

Cognitive and Cognitive-Behavioral Theories of Procrastination ..	34
Irrational Beliefs	35
Self-Statements and Private Self-Consciousness	36
Locus of Control and Learned Helplessness	37
Irrational Perfectionism	38
Depression, Low Self-Esteem, and Anxiety	38
Temperamental and Personological Explanations	40
Achievement Motivation and Procrastination	40
Intelligence and Ability	40
Impulsivity and Extraversion	42
Conscientiousness	43
Differences in Capacity for Accurate Time Perception	44
Neuropsychological and Biological Variables	45
Conclusion	46

Chapter 3

<i>Assessment of Academic and Everyday Procrastination: The Use of Self-Report Measures</i>	47
Academic Procrastination	48
Procrastination Assessment Scale-Students (PASS)	48
The Aitken Procrastination Inventory (API)	52
Tuckman Procrastination Scale (TPS)	54
Conclusions on Academic Measures	55
Measures of Everyday Procrastination	56
General Procrastination Scale (GP)	56
Decisional Procrastination (DP) Scale	61
Adult Inventory of Procrastination (AIP)	63
The Tel-Aviv Procrastination (TAP) Inventory	66
Conclusion on Measures of Everyday Procrastination	69

Chapter 4

<i>Academic Procrastination: Theoretical Notions, Measurement, and Research</i>	71
<i>Henri C. Schouwenburg</i>	
Manifestations of Procrastinatory Behavior	72
Procrastination and Irrational Thought	72

Fear of Failure and Procrastination	73
Procrastination and "The Big Five"	76
Procrastination and Self-Worth	80
Integration into a Working Hypothesis	81
Treatment of Academic Procrastination	83
Measurement: The Development of New Instruments	84
The Procrastination Checklist Study Tasks (PCS)	84
The Academic Procrastination State Inventory (APSI)	85
The Study Problems Questionnaire (SPQ)	87
Research	90
Time Dependency of Academic Procrastination	90
Prediction of Study Progress	93
Conclusion	95

Chapter 5

<i>Trait Procrastination, Agitation, Dejection, and Self-Discrepancy</i>	97
--	----

Clarry H. Lay

The Quasi-Independent Nature of Agitation (Anxiety) and Dejection (Depression)	99
Assessing the Relations of Trait Procrastination with Agitation and Dejection-Related Emotions (Studies 1–4)	100
Study 1	100
Study 2	102
Study 3	103
Study 4	105
General Conclusions Based on Studies 1–4	106
Cross-Cultural Considerations	107
A Consideration of Some Other Theoretical Statements	109
Trait Procrastination, Affect, and Dilatory Behavior	110
Implications for the Counseling of Trait Procrastinators	112

Chapter 6

<i>Dimensions of Perfectionism and Procrastination</i>	113
--	-----

Gordon L. Flett, Paul L. Hewitt, and Thomas R. Martin

The Family Environment and its Link to Perfectionism and Procrastination	114
---	-----

History of the Perfectionism Construct	116
Similarities between Perfectionism and Procrastination	117
Distinguishing Features	118
Procrastination and Perfectionistic Parental Expectancies	126
Perfectionism and Procrastination in Low-Threat Situations	130
Future Research Issues	132
Summary	136

Chapter 7

<i>Procrastination, Negative Self-Evaluation, and Stress in Depression and Anxiety: A Review and Preliminary Model</i>	<i>137</i>
--	------------

Gordon L. Flett, Kirk R. Blankstein, and Thomas R. Martin

Procrastination in Anxiety and Depression	138
The Negative Self-Concepts of Procrastinators	143
Procrastination, Life Stress, and Adjustment	148
Toward a Model of Procrastination and Poor Psychological Adjustment	156
Procrastination and the Development of Self-Uncertainty	158
Procrastination, Social Comparison, and the Self	160
Procrastination and the Avoidance of Diagnostic Information ..	161
Optimistic versus Pessimistic Procrastination in Personal Adjustment	163
Coping with Procrastination and Psychological Distress	164
Summary and Future Research Directions	166

Chapter 8

<i>The Role of Personality Disorders and Characterological Tendencies in Procrastination</i>	<i>169</i>
--	------------

The Role of Anxiety and Fear	170
Procrastination and Personality Disorders	171
Procrastination and Passive-Aggressiveness	171
Procrastination and Obsessive-Compulsive Tendencies	173
Study 1	173
Study 2	178
Study 3	183
General Conclusion	185

CONTENTS	xix
 <i>Chapter 9</i>	
<i>Treatment of Academic Procrastination in College Students</i>	187
Meta-Analysis and the Ethics of Intervention	187
How Theoretical Accounts of Procrastination Influence Treatment Strategies	189
The Treatment of College-Student Procrastination: An Overview	190
Referral Typologies	191
Assessment and Obtaining a History of the College-Student Procrastinator	194
General Treatment Philosophy Regarding College-Student Procrastination	196
Changing Cognitive Misconceptions: A Key Treatment Strategy for all Types of Procrastination	197
Modifying Cognitive Distortions and the Anxious Procrastinator	199
Cognitive Interventions for the Low-Conscientious Procrastinator	201
Group Therapy for Academic Procrastinators: The 10-Session Structured Model	204
Individual Therapy for Procrastination	208
A Two-Session Intervention	209
 <i>Chapter 10</i>	
<i>Treating Adult and Atypical Procrastination</i>	211
Relevant Theoretical Orientation	212
"Typical" and "Atypical" Adult Procrastination: The Critical Distinction	212
Group Treatment	215
The Length of Treatment for "Typical" Adult Procrastination	216
Case Study: A Treatment Plan for Typical Adult Procrastination	217
Integrating the Treatment of Typical Procrastination into General Psychotherapy	218
Psychopharmacology and Procrastination?	219
Assessment: The Need for a Full History	221
Stress and Procrastination: An Often Overlooked Link	224
"Addiction" to Procrastination and Concurrent Substance Abuse	225
Atypical Procrastination	226
Psychodynamic Treatment for Atypical Procrastination	228
Family Treatment	232
Conclusion	233

Chapter 11

<i>Epilogue as Prologue</i>	235
Considerations for Future Research	235
Specific Areas of Future Interest	236
Neuroscience and Biopsychology	236
Developmental and Educational Research	237
Industrial/Organizational Psychology	239
Personality Psychology	240
Social Psychology	241
Clinical/Counseling Psychology	242
Experimental Psychology and Experimental Psychopathology: The Need for a Return to Basic Research	243
Conclusion	245
