Introduction: Using the AMPL Student Edition	1
Acknowledgements	1
Part I. Using AMPL Plus Under Windows	3
1.1 Installation	3
1.2 Overview of AMPL Plus	8
1.3 Using projects	14
1.4 Using text windows	19
1.5 Using data query windows	25
1.6 Building and solving a model	35
1.7 Using the Model Window	47
1.8 Using the Commands Window	52
Part II. Using AMPL Under MS-DOS	59
II.1 Installation	60
II.2 Running AMPL	60
II.3 Memory	63
II.4 Files	64
Part III. Using AMPL/MINOS	67
III.1 Applicability	67
III.2 Controlling MINOS from AMPL	68
III.3 Using MINOS for linear programming	69
III.4 Using MINOS for nonlinear programming	71
III.5 Output from MINOS	75
III.6 Restarting from an initial guess	77
Part IV. Using AMPL/CPLEX	79
IV.1 Applicability	79
IV.2 Controlling CPLEX from AMPL	80
IV.3 Using CPLEX for linear programming	81
IV.4 Using CPLEX for integer programming	89
