

CONTENTS

INTRODUCTION	xiii
1. THE REFERRAL	2
<i>What Is a Psychological Test Report?</i>	
<i>Clarity of the Report</i>	
<i>Meaningfulness of the Report</i>	
<i>Synthesis of the Final Report</i>	
<i>Why a Psychological Report May Be Requested</i>	
<i>Context of the Referral</i>	
<i>Focusing the Report</i>	
2. SECTIONS IN THE TYPICAL PSYCHODIAGNOSTIC REPORT	10
<i>Suggested Outline of Sections</i>	
<i>The Clinical Interview</i>	
<i>Cognitive Organization and Reality Testing</i>	
<i>Intellectual Functioning</i>	
<i>The Nature of Anxiety</i>	
<i>Impulse versus Control</i>	
<i>Defensive Structure</i>	
<i>Identity and Interpersonal Behavior</i>	
<i>Diagnosis and Prognosis</i>	
3. THE CLINICAL INTERVIEW	24
<i>Meeting the Patient</i>	
<i>Samples of Behavior</i>	
<i>Samples versus Evidence</i>	

	<i>The Referral and the Clinical Interview</i>	
	<i>Diagnostic Formulations Based on the Clinical Interview</i>	
	<i>Autism</i>	
	<i>Affect</i>	
	<i>Ambivalence</i>	
	<i>Association</i>	
	<i>Orientation to Time, Place, and Person</i>	
4.	REALITY TESTING AND COGNITIVE FUNCTIONING: Psychosis	42
	<i>Assessing Reality Testing</i>	
	<i>Primary Autonomous Ego Function</i>	
	<i>Secondary Autonomous Ego Function</i>	
5.	REALITY TESTING AND COGNITIVE FUNCTIONING: Character Disorders and Neuroses	54
	<i>Integrative Function of the Ego</i>	
	<i>The Regulatory Aspect in Relation to Underachievement</i>	
	<i>Synthetic Function of the Ego</i>	
	<i>Diagnostic Implications</i>	
	<i>Adaptive Function of the Ego</i>	
6.	INTELLECTUAL FUNCTIONING: The I.Q. Analysis	66
	<i>DSM-III and Traditional I.Q. Range</i>	
	<i>Verbal and Performance I.Q.</i>	
	<i>The Meaning of Verbal-Performance Discrepancy</i>	
	<i>A Proposed Division of Verbal and Performance Subtests</i>	
	<i>Use and Implications of "A" and "B" Groupings</i>	
7.	INTELLECTUAL FUNCTIONING: Subtest and Scatter Analysis	78
	<i>Estimating Potential Levels of Intellectual Functioning</i>	
	<i>Intrasubtest Scatter</i>	

	<i>Quality of Responses</i>	
	<i>Pro-rated I.Q.</i>	
	<i>Analysis of Subtest Scatter</i>	
	<i>Verbal Subtests (Wechsler Scales)</i>	
	<i>Performance Subtests (Wechsler Scales)</i>	
8.	THE NATURE OF ANXIETY	90
	<i>Anxiety as the Central Focus in the Report</i>	
	<i>What Does the Term Anxiety Mean?</i>	
	<i>The Patient's Experience of Anxiety</i>	
	<i>The Central Role of Anxiety in Psychodiagnostic Evaluation</i>	
	<i>Is the Anxiety Consciously Experienced?</i>	
	<i>Is the Anxiety Acted-Out?</i>	
	<i>Is the Anxiety Somatized?</i>	
	<i>Acting-In</i>	
	<i>Sources of Anxiety in the Personality</i>	
9.	IMPULSE VERSUS CONTROL: The Vicissitudes of Impulse	104
	<i>The Interplay between Impulses and Controls</i>	
	<i>Dimensions in the Analysis of Impulses and Controls</i>	
	<i>The Nature of Impulses</i>	
	<i>Impulse and Action Orientation</i>	
	<i>Impulse and Cognition</i>	
	<i>Types of Impulses</i>	
	<i>Anger</i>	
	<i>Sexuality</i>	
10.	IMPULSE VERSUS CONTROL: The Nature of Control Mechanisms	116
	<i>Cognitive Controls</i>	
	<i>Ego Controls</i>	
	<i>Defense Mechanisms as Controls</i>	
	<i>Character Traits as Controls</i>	
	<i>Fantasy as Control</i>	
	<i>Fear as Control</i>	
	<i>Maturation: An Index of Impulse versus Control</i>	
	<i>Immature: Impulse Dominated</i>	
	<i>Immature: Control Dominated</i>	
	<i>Mature Balance of Impulse and Controls</i>	

11.	DEFENSIVE STRUCTURE	130
	<i>Individual Defense Mechanisms</i>	
	<i>Defenses Used to Manage Individual Emotions</i>	
	<i>Defenses and Character Trait Formation</i>	
	<i>Defenses Forming Character Trait Patterns</i>	
	<i>Defenses and the Report</i>	
 12.	 INTERPERSONAL BEHAVIOR: Identity	 144
	<i>The Bridge between Intrapersonal and Interpersonal Functioning</i>	
	<i>Conflict Stages and Derivative Behaviors</i>	
	<i>Oral-Dependent Conflict</i>	
	<i>Anal-Control Conflict</i>	
	<i>Phallic-Assertion Conflict</i>	
	<i>Oedipal-Competitive Conflict</i>	
 13.	 INTERPERSONAL BEHAVIOR: Character Diagnosis	 154
	<i>Passive-Aggressive Personality</i>	
	<i>Paranoid Personality</i>	
	<i>Schizoid Personality</i>	
	<i>Hysterical Personality</i>	
	<i>Narcissistic Personality</i>	
	<i>Borderline Personality</i>	
	<i>Psychopathic or Antisocial Personality</i>	
	<i>Dependent Personality</i>	
	<i>Inadequate Personality</i>	
	<i>Compulsive Personality</i>	
 14.	 DIAGNOSIS AND PROGNOSIS: Diagnostic Principles	 164
	<i>Elements of Diagnosis</i>	
	<i>Diagnosis as a Shifting Phenomenon</i>	
	<i>Connections between Diagnosis and the Presenting Problem</i>	
	<i>Acute versus Chronic Pathology</i>	
	<i>Levels of Diagnosis</i>	
	<i>Integrating Diagnostic Levels</i>	
	<i>The Presenting Complaint and Diagnosis</i>	

15. DIAGNOSIS AND PROGNOSIS:	
Diagnostic Nosology	176
<i>DSM-III: The Diagnostic and Statistical Manual</i>	
<i>Diagnostic Axes in DSM-III</i>	
<i>Generally Used Definitions of Diagnostic Terms</i>	
<i>Neurosis or Anxiety Disorders</i>	
<i>Organic Impairment Disorders</i>	
<i>The Psychoses</i>	
<i>The Schizoaffective Type</i>	
<i>Affective Psychotic Disorders</i>	
<i>Prognosis</i>	
16. INTELLIGENCE TEST REPORTS FOR	
COUNSELORS, TEACHERS, AND PARENTS	192
<i>The Intelligence Test Referral</i>	
<i>Identifying Data</i>	
<i>Behavioral Observations</i>	
<i>Test Results</i>	
<i>Summary and Conclusions</i>	
<i>Language in the Intelligence Test Report</i>	
CODA: Overcoming Impasses in	
Report Writing	204
<i>Resolving the Role-Anxiety Dilemma</i>	
<i>The Supervisor's Role</i>	
<i>The Active-Passive Dilemma</i>	
<i>Appreciating Limits</i>	
RECOMMENDED READINGS	212
