

Chapter 1:
COMPLEXITY AND PUBLIC DECISION-MAKING

1.1	The Complex Part Of Public Decision-Making	10
1.2.1	What Is Complexity?	14
1.2.2	Why Is There So Much Complexity And Why Can't We Stop It?	16
1.2.3	What Basic Approaches To Understanding Complexity Are There?	18
1.2.4	What Can We Say About Complexity?	21
1.3	Black Boxes Of Causality	24
1.4	Overview Of The Book	28

Chapter 2:
BEING DEPENDENT: COMPLEX ADAPTIVE SYSTEMS

2.1	Introduction	32
2.2.1	A First Exercise In Systems Thinking	34
2.2.2	The Origin Of Systems	37
2.2.3	Introducing Humans, And The Effect Of Semiotics And Learning	45
2.3.1	Systems In Public Decision-Making	49
2.3.2	Boundaries And Hierarchies In Governmental Organizations	52
2.4.1	A First Conceptualization Of Complex Adaptive Systems In Public Administration	55
2.4.2	Drawing Lines	57
2.4.3	CAS As Policy Action Systems	62
2.5	Conclusions	65

Chapter 3:
BEING DYNAMIC: BETWEEN INERTIA AND RANDOMNESS

3.1	Introduction	70
3.1.2	Case Pars Pro Toto: The Extension Of The Port Of Hamburg	72
3.2.1	Feedback	77
3.2.2	Non-Ergodic Chance Events	80
3.3.1	Non-Linear Dynamics At The Systems Level	83

3.3.2	Punctuated Equilibrium And Hysteresis	85
3.3.3	Path Dependency And Lock-In	89
3.3.4	Carrying Capacity, Disturbances And Resilience	93
3.4	Conclusions	98

Chapter 4:
BEING HUMAN: COPING WITH COMPLEXITY

4.1	Introduction	102
4.2.1	The Experience	104
4.2.2	Chance And Time-Asymmetry	105
4.2.3	Uncertainty and Risk	108
4.2.4	Simplification	112
4.3.1	The Mind	114
4.3.2	Heuristics	118
4.3.3	Simple Rules, Complex Behavior	122
4.4.1	The Group	124
4.4.2	Autopoiesis And Self-Organization	125
4.5	Conclusions	130

Chapter 5:
COEVOLUTIONARY PUBLIC DECISION-MAKING

5.1	Introduction	134
5.2.1	Coevolution In Decision-Making	137
5.2.2	Coevolutionary Mechanisms	139
5.3.1	The Allure Of The Fitness Landscape	143
5.3.2	A Fitness Landscape For Public Decision-Making	146
5.3.3	Dynamics In Fitness Landscapes (1): Adaptation, Diversity And Temporality	151
5.3.4	Dynamics In Fitness Landscapes (2): Rugged Landscapes And Adaptive Walks	154
5.3.5	Dynamics In Fitness Landscapes (3): Attractors And Trajectories	156
5.4	Conclusions: A Coevolutionary Revision Of Public Decision-Making Processes	160

Chapter 6:
BEING INQUISITIVE: RESEARCHING COMPLEXITY

6.1	Introduction	166
6.2.1	Real Complexity, Complex Reality	167
6.2.2	A Critical Realist Ontology	169
6.2.3	Focal Points: Context And Time	173
6.3.1	Qualitative Comparative Analysis	175
6.3.2	Zooming In: Understanding In-Depth Case Studies	177
6.3.3	Zooming Out: Comparing Case Studies In Fuzzy Sets	184
6.3.4	Issues With FSQCA	189
6.4.1	Causality And General Laws	190
6.5	Conclusions	191
	Acknowledgments	196
	Biography	199
	References	200
	Index	230
