

# CONTENTS

The numbers and letters in parentheses after each chapter title (e.g. 327a) refer to a division of the text into sections, each usually about ten lines long. Although this division owes its existence solely to ancient methods of editing and paginating manuscripts, it has become the traditional one, enabling readers to find their place not only in the Greek text but also in the available translations, which include such indications in the text – something I have not done.

<i>Introduction by Kenneth Reinhard</i>	vii
<i>Translator's Preface</i>	xxiv
<i>Author's Preface to the English Edition</i>	xxix
<i>Preface</i>	xxxii
<i>Characters</i>	xxxvi
