Introduction	1
1 Cognitive Semantics and Prototype Theory	6
1.1 Introducing cognitive linguistics	7
1.2 Characteristics of prototypicality	10
1.3 Hypotheses about semasiological change	23
2 The Prototypical Characteristics of Semasiological Change	32
2.1 Modulations of core cases	32
2.2 Radial sets through time	47
2.3 Semantic polygenesis	62
2.4 Semantic change from subsets	68
3 Prototypicality in a Classification of Lexical Change	84
3.1 Functional classifications in diachronic semantics	85
3.2 The mechanisms of lexical change	93
3.3 The causes of lexical change	102
3.4 Prototypicality as an efficiency principle	112
4 Prototypical Polysemization and the Isomorphic Principle	123
4.1 Polysemiophobia and semantic reorganization	125
4.2 Homonymiphobia and conceptual merger	130
4.3 Predictability and teleology	150
5 Prototype Theory as a Scientific Paradigm	157
5.1 Knowledge from uncertainty	157
5.2 Lexical semantics as a <i>Geisteswissenschaft</i>	175
