Book X Mentor acquaints himself with Salente and instructs Idomeneus in the art of governing; he stresses peace, agriculture, and disinterestedness, and the suppression of luxury	150
Book XI Idomeneus tells Mentor of his betrayal by the self-loving Protesilaus, and of the latter's efforts to ruin the virtuous and honest Philocles	173
Book XII Telemachus, in the camp of Idomeneus' allies, gains the good will of Philoctetes (who had been on bad terms with Ulysses); Philoctetes gives an account of the death of Hercules	198
Book XIII Telemachus' quarrel with Hippias; the king of the Daunians attacks the forces of Idomeneus and the allies. Death and funeral rites of Hippias	213
Book XIV Telemachus descends into the infernal regions in search of Ulysses; there, in the Elysian fields, he sees the after-life of just kings. He meets the shade of his great-grandfather, who reveals that Ulysses still lives	238
Book XV Telemachus defeats the enemies of Idomeneus and his allies, and vanquishes the treacherous Adastrus (who had killed the son of Nestor)	263
Book XVI Telemachus refuses to divide the lands of the vanquished Daunians, and lets them choose a good king from their own numbers	282
Book XVII Telemachus returns to Salente to discover Mentor's austere reforms in place: the city no longer overwhelms the countryside. Telemachus falls in love with Antiope, the virtuous daughter of Idomeneus	294
Book XVIII Despite Idomeneus' pleas, Telemachus and Mentor leave Salente; Mentor gives his final advice about good government to Telemachus, then reveals himself to be Minerva, goddess of wisdom. Telemachus returns to Ithaca, where he finds his recently returned father, Ulysses	317
