Contents

Foreword **xiii**

Preface **xvii**

1 Beginnings (1956–1970) **1**
1.1 Coming to AI 1
1.2 Samuel's Checkers-Playing Program 3
1.3 AI around 1968 5
1.4 Symbols and the Logic Theorist 6
1.5 Scene Recognition 8
1.6 Constraint Propagation vs. Backtracking 9
1.7 Natural-Language Processing and SHRDLU 10
1.8 Learning in Early AI 15
1.9 Perceptrons 16

2 Reasoning and Knowledge Representation (1970–1985) **21**
2.1 Reasoning, Problem Solving, and Planning 21
2.2 STRIPS 22
2.3 Ordering Actions 24
2.4 Planning Heuristics 26
2.5 Expert Systems 27
2.6 Knowledge Representation 30
2.7 Reasoning and the Symbol System Hypothesis 33

3 Reasoning under Uncertainty (1980–1990) **35**
3.1 Expert Systems and Uncertainty 35
3.2 Frequentist vs. Bayesian Statistics 37
3.3 Probability 38
3.4 Discontents with Standard Probabilities 43

3.5 Alternatives to Standard Probability 44
3.6 Bayesian Networks 46

4 Chess (1965–1997) 51
4.1 Chess Program Organization 52
4.2 Bernstein's Chess Program 54
4.3 Mac Hack and Chess 4.0 55
4.4 Deep Blue 56

5 Computer Vision (1970–2000) 57
5.1 Hubel and Wiesel 57
5.2 Convolution 58
5.3 Stereo Vision 60
5.4 Visual Features 63
5.5 Learning to See 66
5.6 Deformable Parts Models 67

6 Speech Recognition (1971–1985) 69
6.1 From Sound to Speech 69
6.2 Speech Recognition and the Noisy Channel Model 73
6.3 Language Models and Statistics 74
6.4 Hidden Markov Models 78

7 Learning Language (1985–2010) 81
7.1 Early Machine Translation 81
7.2 Sentence-Aligned Corpora 82
7.3 Learning Translation Dictionaries 83
7.4 Language Models Redux 86
7.5 Graphical Models and Grammar 87

8 Deep Learning (1989–2016) 93
8.1 Deep Learning and Computer Vision 95
8.2 Adversarial Examples 100
8.3 Graphics Processing Units and AI Hardware 101
8.4 Distributed Representation of Words 104
8.5 Recurrent Neural Nets 108
8.6 Autoencoders and Generative Models 109

9 Reinforcement Learning and the Game of Go (1990–2017) 113
9.1 Go 113
9.2 Neural Nets for Go 114
9.3 Reinforcement Learning 115

9.4 AlphaGo, Continued 119
9.5 AlphaGo Zero 120
9.6 Games of Chance 121

10 Learning Writ Large (2017–2023) 123
10.1 Attention Is All You Need 123
10.2 Large Language Models 127
10.3 The Turing Test 131
10.4 DALL-E, from Words to Pictures 133
10.5 AlphaFold 136
10.6 ChatGPT and GPT-4 141

11 AI, Present and Future (2023) 145

AI Time Line 153

Bibliography 155

Index 165
