|--|-----------|
| <i>About the Authors</i>   | xii       |
| <i>Preface</i>   | xiii      |
| <i>Acknowledgements</i>  | xvii      |
| <b>1 Introduction: Surveying the Field of Test Validity Theory</b>                         | <b>1</b>  |
| 1.1. <i>Terminology</i>  | 1         |
| 1.2. <i>The Development of Test Validity Theory</i>  | 5         |
| 1.3. <i>Measurement, Causation, Meaning, and Test Validity</i>                             | 15        |
| 1.4. <i>Further Reading</i>  | 18        |
| <b>PART I:</b>   |           |
| <b>2 Philosophical Theories of Measurement</b>   | <b>19</b> |
| 2.1. <i>The Classical Theory of Measurement</i>  | 21        |
| 2.2. <i>Addition and Concatenation</i>   | 25        |
| 2.3. <i>The Representational Theory of Measurement:<br/>        Stevens' Version</i>       | 27        |
| 2.4. <i>The Representational Theory of Measurement: The<br/>        Axiomatic Approach</i> | 32        |
| 2.5. <i>The Latent Variable Perspective</i>  | 36        |
| 2.6. <i>Chapter Conclusion</i>   | 41        |
| 2.7. <i>Further Reading</i>  | 43        |
| <b>3 Psychometric Models</b>   | <b>44</b> |
| 3.1. <i>Psychometric Models</i>  | 45        |
| 3.2. <i>Test Scores, Constructs, and Validity</i>  | 52        |
| 3.3. <i>The Relation Between Validity and Other Psychometric<br/>        Concepts</i>      | 56        |
| 3.4. <i>Chapter Conclusion</i>   | 64        |
| 3.5. <i>Further Reading</i>  | 65        |

|                 |  |            |
|-----------------|--|------------|
| <b>4</b>        | <b>Open Issues in Measurement Theory and Psychometrics</b>                 | <b>66</b>  |
| 4.1.            | <i>Measurement and the Structure of Psychological Attributes</i>           | 67         |
| 4.2.            | <i>Measurement and Probabilistic Models</i>                                | 71         |
| 4.3.            | <i>A Possible Reconciliation Between Theories of Measurement</i>           | 76         |
| 4.4.            | <i>Is Measurement Necessary in Psychological Testing?</i>                  | 77         |
| 4.5.            | <i>Chapter Conclusion</i>  | 79         |
| 4.6.            | <i>Further Reading</i>   | 80         |
| <b>PART II:</b> |  |            |
| <b>5</b>        | <b>Test Scores as Samples: Behavior Domain Theory</b>                      | <b>81</b>  |
| 5.1.            | <i>Conceptualizing Domain Scores</i>                                       | 86         |
| 5.2.            | <i>The Item Writing Argument for Behavior Domain Theory</i>                | 90         |
| 5.3.            | <i>The Distinctness Argument Against Domain Score Causation</i>            | 92         |
| 5.4.            | <i>Reconciling Behavior Domains and Causal Theories of Measurement</i>     | 96         |
| 5.5.            | <i>Chapter Conclusion</i>  | 103        |
| 5.6.            | <i>Further Reading</i>   | 104        |
| <b>6</b>        | <b>Causality in Measurement</b>  | <b>105</b> |
| 6.1.            | <i>Causal Structures</i>   | 108        |
| 6.2.            | <i>Implications for Validity Theory</i>                                    | 117        |
| 6.3.            | <i>Direct, Indirect, and Mixed Models</i>                                  | 121        |
| 6.4.            | <i>Other Structures</i>  | 125        |
| 6.5.            | <i>Chapter Conclusion</i>  | 136        |
| 6.6.            | <i>Further Reading</i>   | 136        |
| <b>7</b>        | <b>Causation, Correlation, and Reflective Measurement Models</b>           | <b>137</b> |
| 7.1.            | <i>Reflective Measurement With and Without Causation</i>                   | 140        |
| 7.2.            | <i>Statistical Unidimensionality versus Causal Unidimensionality</i>       | 148        |
| 7.3.            | <i>Three General Theories of Causation</i>                                 | 153        |
| 7.4.            | <i>Reflective Measurement Models with Different Causal Interpretations</i> | 159        |
| 7.5.            | <i>Chapter Conclusion</i>  | 171        |
| 7.6.            | <i>Further Reading</i>   | 171        |

|                      |  |            |
|----------------------|--|------------|
| <b>8</b>             | <b>Problems in Causation and Validity: Formative Measurement, Networks, and Individual Differences</b> | <b>173</b> |
|                      | 8.1. <i>Formative Measurement Models and Causation</i>   | 174        |
|                      | 8.2. <i>Network Measurement Models</i>   | 183        |
|                      | 8.3. <i>Causation and Individual Differences</i>   | 184        |
|                      | 8.4. <i>Validating Causal Measurement Models</i>   | 190        |
|                      | 8.5. <i>Chapter Conclusion</i>   | 193        |
|                      | 8.6. <i>Further Reading</i>  | 195        |
| <br><b>PART III:</b> |  |            |
| <b>9</b>             | <b>Interpreting Test Responses: Validity, Values, and Evaluation</b>                                   | <b>196</b> |
|                      | 9.1. <i>Messick's Unified View of Validity</i>   | 197        |
|                      | 9.2. <i>Historical Context and Recent Literature</i>   | 199        |
|                      | 9.3. <i>Shadish, Cook, and Campbell's Critique</i>   | 200        |
|                      | 9.4. <i>Scriven's Critique</i>   | 205        |
|                      | 9.5. <i>Searl's Naturalistic-Fallacy Fallacy</i>   | 207        |
|                      | 9.6. <i>Putnam's Critique of the Fact/Value Dichotomy</i>  | 210        |
|                      | 9.7. <i>Conceptualizing Test Validity and its Consequences</i>   | 216        |
|                      | 9.8. <i>Chapter Conclusion</i>   | 219        |
|                      | 9.9. <i>Further Reading</i>  | 220        |
| <b>10</b>            | <b>A Model of Test Score Interpretation</b>  | <b>221</b> |
|                      | 10.1. <i>Focal Example: Tuna Cleaner Work Sample</i>   | 224        |
|                      | 10.2. <i>Interpretation and Entailment: Construct Theories as Inference Engines</i>                    | 225        |
|                      | 10.3. <i>Interpretations of Test Scores</i>  | 229        |
|                      | 10.4. <i>Chapter Conclusion</i>  | 245        |
|                      | 10.5. <i>Further Reading</i>   | 246        |
| <b>11</b>            | <b>Open Questions About Test Score Meaning</b>   | <b>247</b> |
|                      | 11.1. <i>The Psychologist's Fallacy and Test Score Interpretation</i>                                  | 248        |
|                      | 11.2. <i>Meaning's in the Heads of Test Takers?</i>  | 253        |
|                      | 11.3. <i>Heteroglossia: Speaking in Diverse Tongues</i>  | 258        |
|                      | 11.4. <i>Test Takers and Their Beliefs</i>   | 264        |
|                      | 11.5. <i>Validity Without Determinate Meaning</i>  | 269        |
|                      | 11.6. <i>Chapter Conclusion</i>  | 272        |
|                      | 11.7. <i>Further Reading</i>   | 272        |

**PART IV:**

|  |            |
|--|------------|
| <b>12 An Integrative View of Test Validity</b>   | <b>273</b> |
| 12.1. <i>An Integrative Model of Test Validation</i>                                   | 274        |
| 12.2. <i>Truth, Justification, Knowledge, and Action</i>                               | 280        |
| 12.3. <i>Kinds of Causality and Types of Evidence</i>                                  | 283        |
| 12.4. <i>Justification Through Alignment</i>   | 289        |
| 12.5. <i>Knowledge, Value, and Action</i>  | 291        |
| 12.6. <i>Chapter Conclusion</i>  | 292        |
| <br>   |            |
| <b>13 Epilogue as Dialog: The Future of Test Validity Theory</b>                       | <b>294</b> |
| 13.1. <i>Test Validation Methods</i>   | 294        |
| 13.2. <i>Test Validity Theory and Meaning</i>  | 297        |
| 13.3. <i>The Yardstick by Which Validation is Judged (If There<br/>        is One)</i> | 300        |
| 13.4. <i>Validity and Response Processes</i>   | 304        |
| 13.5. <i>Attributes</i>  | 308        |
| 13.6. <i>Tests and Interpretations</i>   | 312        |
| 13.7. <i>Chapter Conclusion</i>  | 316        |
| <br>   |            |
