1	Introduction	1
1.1	Sequential Bayesian Learning: Research Context	3
1.2	Two Learning Problems: Thesis Contributions	8
1.2.1	Offline Learning with Pairwise Comparisons	8
1.2.2	Online Learning for Energy Storage Management	10
1.3	Thesis Outline	13
	References	15
2	Sequential Bayesian Learning Basics	23
2.1	Learning Problem Formulation	23
2.2	Bayesian Model of Beliefs	24
2.2.1	Gaussian Model with Independent Beliefs	25
2.2.2	Gaussian Model with Correlated Beliefs	27
2.3	Sampling Policies	29
2.3.1	Exploration vs. Exploitation	30
2.3.2	Value of Information	31
2.3.3	Knowledge Gradient Policies	34
	References	35
3	Offline Learning with Pairwise Comparisons	37
3.1	A Bayesian Ranking and Selection Problem with Pairwise Comparisons	37
3.1.1	Introduction	37
3.1.2	Problem Formulation	40
3.1.3	Sampling Policies	42
3.1.4	Computational Experiments	44
3.1.5	Conclusions	49
	References	49
3.2	Lookahead Contraction Policies for Bayesian Ranking and Selection with Pairwise Comparisons	51
3.2.1	Introduction	51
3.2.2	Problem Formulation	53
3.2.3	Value Factors for Lookahead Policies	54
3.2.4	Informative Value Factors for Lookahead Policies	58
3.2.5	Computational Experiments	60
3.2.6	Conclusions	64
	References	64

4	Online Learning for Energy Storage Management	67
4.1	Leveraging Short-Term Price Forecasts for Energy Trading with a Battery Storage System: The Case of Continuous Intraday Trading	67
4.1.1	Introduction	68
4.1.2	Related Work	70
4.1.3	Energy Storage Problem	75
4.1.4	Learning Problem	78
4.1.5	Simulating Prices and Forecasts	81
4.1.6	Numerical Results	85
4.1.7	Conclusions	93
	References	94
4.2	Episodic Reinforcement Learning or Policy Sampling: An Online Coupling Method for Sequential Decision Making	99
4.2.1	Introduction	99
4.2.2	Model	102
4.2.3	Related Work	105
4.2.4	Coupling Method	107
4.2.5	Coupling for an Energy Storage Problem	116
4.2.6	Empirical Study with the Energy Storage Problem	119
4.2.7	Conclusions	124
	References	124
	Appendix	129
5	Conclusion	139
5.1	Contributions	139
5.2	Future Work	141
5.2.1	Offline Learning with Pairwise Comparisons	141
5.2.2	Online Learning for Energy Storage Management	141
