

Ultrasound Scanning Guide for the Abdomen and Male Pelvis

Leonardo Faundez, MA-Ed, BSc, RDMS (AB, OB/GYN), RVT, DMS, CRGS, CRVS

Founder and Director, Aprende Canada

Sonography Educator and Lecturer

Registered Generalist and Vascular Sonographer (Sonography Canada®)

Registered Diagnostic Medical Sonographer® (American Registry for Diagnostic Medical Sonography®, ARDMS®), specializing in abdominal, obstetric and gynecologic, and vascular ultrasound

Lifetime Achievement Award Recipient, Sonography Canada®

Toronto, ON, CA

Haleema Rauf, RDMS (AB, OB/GYN, PS), RMSKS, RVT, CRGS, CRVS

Sonography Consultant, Independent Practice, Ontario, Canada

Registered Generalist and Vascular Sonographer (Sonography Canada®)

Registered Diagnostic Medical Sonographer® (American Registry for Diagnostic Medical Sonography®, ARDMS®), specializing in abdominal, obstetric and gynecologic, pediatric, musculoskeletal, and vascular ultrasound

List of Abbreviations *xii*

1	Introduction	1
	Introduction	1
1.1	Common Terminology Used in This Guidebook	1
1.2	Abbreviations Used in This Guidebook	2
1.3	Probe Orientation and Image Display Markers	2
1.4	Scan Plane Directions	3
1.5	The Relationship Between the Sagittal and Transverse Scanning Planes	4
1.5.1	Sagittal Plane	4
1.5.2	Transverse Plane	4
1.5.3	Oblique Scan Planes	5
1.6	Annotations or Image Labeling	6
1.7	Transducer Manipulation Techniques	7
1.8	Transducer Placement on the Patient's Skin and Corresponding Orientation in the FOV	15
1.9	Clockface Symbols	17
1.10	Guidebook Chapters	20
1.10.1	Introduction	20
1.10.2	Window Diagrams	20
1.10.3	Scanning Tables	22
1.10.4	Ultrasound Images	22
1.11	Transducers and Transducer Frequency	23
1.12	Image Optimization	23
1.13	Ergonomics	23
1.14	Patient Preparation and Care	23
1.15	Using This Guidebook	24
2	Renal Ultrasound	25
	Introduction	25
2.1	Window Diagrams: Common Windows Used for Renal Ultrasound	26
2.2	Scanning Table for the Right Kidney	27
2.3	Additional Scanning Tips for the Right Kidney	32
2.3.1	Window 1	32

2.3.2	Window 2	32
2.3.3	Window 3	32
2.3.4	Window 4	33
2.3.5	Window 5	33
2.4	Right Kidney Images	33
2.5	Scanning Table for the Left Kidney	36
2.6	Additional Scanning Tips for the Left Kidney	40
2.6.1	Window 1	40
2.6.2	Window 2	40
2.6.3	Window 3	40
2.6.4	Window 4	40
2.7	Left Kidney Images	41
3	Liver Ultrasound	44
	Introduction	44
3.1	Window Diagrams: Common Windows Used for Liver Ultrasound	45
3.2	Scanning Table for the Left Lobe of the Liver	46
3.3	Additional Scanning Tips for the Left Lobe of the Liver	50
3.3.1	Window 1L	50
3.3.2	Window 1S	50
3.3.3	Window 5	50
3.4	Left Lobe of the Liver Images	51
3.5	Scanning Table for the Right Lobe of the Liver	53
3.6	Additional Scanning Tips for the Right Lobe of the Liver	60
3.6.1	Windows 1L, 2L, and 3L	60
3.6.2	Windows 1S and 2S	60
3.6.3	Windows 2S and 3S	60
3.6.4	Window 4	60
3.6.5	Windows 6 and 7	60
3.7	Right Lobe of the Liver Images	61
4	Biliary System	67
	Introduction	67
4.1	Gallbladder	67
4.1.1	Window Diagrams: Common Windows Used to Scan the Gallbladder	67
4.1.2	Scanning Table for the Gallbladder	68
4.1.3	Additional Scanning Tips for the Gallbladder	74
4.1.3.1	Finding the Long Axis of the Gallbladder	74
4.1.3.2	Windows 1 and 2	75
4.1.3.3	Window 3	75
4.1.4	Gallbladder Images	75
4.2	Biliary Ducts	78
4.2.1	Window Diagrams: Common Windows Used to Scan the Biliary Ducts	79
4.2.2	Scanning Table for the Biliary Ducts	79
4.2.3	Additional Scanning Tips for the Biliary Ducts	79
4.2.3.1	Window 1	79
4.2.3.2	Windows 2–5	84
4.2.4	Biliary Ducts Images	84

5	Abdominal Aorta and Common Iliac Arteries	88
	Introduction	88
5.1	Window Diagrams: Common Windows Used to Scan the Abdominal Aorta and Common Iliac Arteries	89
5.2	Scanning Table for the Abdominal Aorta	90
5.3	Additional Scanning Tips for the Abdominal Aorta	93
5.3.1	Windows 1–3	93
5.3.2	Window 1	93
5.3.3	Window 2	94
5.3.4	Window 3	94
5.3.5	Window 4	94
5.4	Abdominal Aorta Images	95
5.5	Scanning Table for the Common Iliac Arteries	100
5.6	Additional Scanning Tips for the Common Iliac Arteries	103
5.6.1	Windows 5 and 6	103
5.7	Common Iliac Arteries Image	103
6	Inferior Vena Cava and Common Iliac Veins	104
	Introduction	104
6.1	Window Diagrams: Common Windows Used to Scan the Inferior Vena Cava and Common Iliac Veins	104
6.2	Scanning Table for the Inferior Vena Cava	105
6.3	Additional Scanning Tips for the Inferior Vena Cava	108
6.3.1	Windows 1a and 1b	108
6.3.2	Windows 2a and 2b	108
6.3.3	Windows 3a and 3b	108
6.4	Inferior Vena Cava Images	108
6.5	Scanning Table for the Common Iliac Veins	112
6.6	Additional Scanning Tips for the Common Iliac Veins	115
6.6.1	Windows 4 and 5	115
6.6.2	Windows 4 and 5	115
6.7	Common Iliac Veins Images	115
7	Pancreas Ultrasound	117
	Introduction	117
7.1	Window Diagrams: Common Windows Used to Scan the Pancreas	118
7.2	Scanning Table for the Pancreas	119
7.3	Additional Scanning Tips for the Pancreas	121
7.3.1	Windows 1a–c	121
7.3.2	Window 2	121
7.4	Pancreas Images	122
8	Spleen Ultrasound	126
	Introduction	126
8.1	Window Diagrams: Common Windows Used to Scan the Spleen	126
8.2	Scanning Table for the Spleen	128
8.3	Additional Scanning Tips for the Spleen	130
8.3.1	Window 1	130
8.3.2	Window 2	131
8.4	Spleen Images	131

9	Gastrointestinal Tract Ultrasound	135
	Introduction	135
9.1	Window Diagrams: Common Windows Used to Scan the Gastrointestinal Tract	135
9.2	Scanning Table for the Initial Exploratory Sweeps of the Bowel	137
9.3	Additional Scanning Tips for the Initial Exploratory Bowel Sweeps	137
9.3.1	Window 1	137
9.3.2	Window 2	138
9.3.3	Window 3	138
9.3.4	Window 4	138
9.4	Scanning Table for the Ascending Colon	139
9.5	Additional Scanning Tips for the Ascending Colon	139
9.5.1	Window 1	139
9.6	Ascending Colon Images	140
9.7	Scanning Table for the Terminal Ileum	141
9.8	Additional Scanning Techniques for the Terminal Ileum	142
9.8.1	Windows 1 and 5	142
9.9	Scanning Table for the Appendix	142
9.10	Additional Scanning Tips for the Appendix	143
9.11	Scanning Table for the Transverse Colon	144
9.12	Additional Scanning Tips for the Transverse Colon	146
9.13	Transverse Colon Images	147
9.14	Scanning Table for the Descending Colon	148
9.15	Additional Scanning Tips for the Descending Colon	148
9.15.1	Window 3	148
9.16	Descending Colon Images	149
9.17	Scanning Table for the Sigmoid Colon	150
9.18	Sigmoid Colon Images	151
9.19	Scanning Table for the Stomach	152
9.20	Additional Scanning Tips for the Mid and Distal Stomach	152
9.21	Stomach Images	153
10	Male Pelvis Ultrasound	155
	Introduction	155
10.1	Window Diagrams: Common Windows Used to Scan the Male Pelvis	155
10.2	Scanning Table for the Bladder	156
10.3	Additional Scanning Tips for the Bladder	157
10.3.1	Windows 1, 2, and 3	157
10.4	Bladder Images	157
10.5	Scanning Table for the Prostate	160
10.6	Additional Scanning Tips for the Prostate	160
10.6.1	Window 1	160
10.7	Prostate Images	161
10.8	Scanning Table for the Seminal Vesicles	164
10.9	Additional Scanning Tips for the Seminal Vesicles	164
10.10	Seminal Vesicles Image	165

11	Peritoneum and Retroperitoneum	166
	Introduction	166
11.1	Windows Diagram: Windows to Scan the Peritoneum and Retroperitoneum	166
11.2	Scanning Table for the Peritoneum and Retroperitoneum Exploratory Sweeps	168
11.3	Additional Scanning Tips for the Peritoneum and Retroperitoneum	170
11.3.1	Window 1	170
11.3.2	Window 2	170
11.3.3	Window 3	170
11.3.4	Window 4	171
11.4	Examples of Images of the Peritoneum and Retroperitoneum	171
	Index	175
